

My educational goals

While my primary goal is to graduate with my degree in Anthropology, there is a lot I hope to accomplish along the way. Being involved on campus is a vital part of the college experience and I have found a variety of clubs that can help advance me in my field, such as Anthropology Club. Due to my chosen degree I am also hoping to attend field school, possibly in Europe, to get real world archaeology experience. Additionally, I am planning to attend some Anthropology conferences to get a feel for the research being done and the opportunities available to me.

My career goals

I would like to work in a museum when I graduate. Museums have always held a special place in my heart and the opportunity to work at one would be a dream come true. To begin my career, I would like to work as a museum curator. I love the idea of being able to curate the exhibits at a museum and interact with a wide variety of different types of research. At some point I would like to go back to school to pursue a graduate degree in what I have chosen as my primary area of anthropological research, at this time my main interest is prehistoric Ireland. After that I will decide if I want to return to curation or if I would like to continue pursuing the area of research and consider the possibility of teaching.

Thank you!

I would like to offer my sincere gratitude for granting me this scholarship. Finding the funds to pay for college and taking out loans can be a burden and detract from my studies and truly experiencing college. Your scholarship has allowed me to put my focus where it belongs and ensure that I am able to meet all the requirements of my major and go above and beyond. I truly appreciate your dedication to the university and students, and I hope that this is something that I can pay forward in the future. Thank you again for truly making a difference in my collegiate experience and allowing me to be the best NAU student that I can be!

Student Name

Stephanie Laurencell

Major

Anthropology

Class Year

2020

Hometown

Chicago, Illinois

Thank you
