Subject: Preview: A special opportunity for young alumni

Cheers to the new year!

We know it's already a few weeks into the new year. But while resolutions are becoming challenging right about now, we have a new year's opportunity for young alumni that will only take a minute – and make a difference all year long.

All it takes is making a gift of $25 or more to your favorite Saint Louis University fund. The results are twofold: you'll make a lasting impact on current students, and **we'll send you one of this year's limited-edition tie-dye silicone SLU cups.** Want to make your gift go further? Young alumni who give $40 or more will receive two cups, perfect to pair with your favorite drink and that best friend you made while at SLU.

As both a Billiken and a previous donor, you know the power of alumni generosity. Supply of the SLU cups is limited, so don't wait. Make your gift today!

MAKE A GIFT

Can't decide which fund to support? The BOLD Retention Scholarship could really use your help!

Billikens of the Last Decade (BOLD) members created the BOLD Retention Scholarship to support seniors who are in a fifth year of study and ensure that they're able to finish their education at SLU. One gift of $25 can help fifth year seniors graduate without worrying about financial hardship.
