Dear Thomas,

Congratulations- it's time to celebrate your 10th reunion at Carroll University!

Since your graduation, you have been part of the growing network of impressive Carroll alumni who have taken our core values of respect, integrity, and stewardship into the world. When Carroll was giving you the knowledge, skills, and relationships to flourish, your Carroll experience left a meaningful legacy for our community. Your academic research, athletic achievements, and community service shaped the ethos of our university and set a high bar for future Pioneers.

The imprint you made on Carroll during your college years lives on and is advanced through a gift. **Today's Pioneers feel the effects of your generosity in their daily lives through their state-of-the-art facilities, exceptional faculty, and vital financial aid.** As an alum, you are helping the Carroll community *drive tradition forward*.

Jasmin Mateos, '21, an elementary and special education graduate, expressed her gratitude for the alumni gifts that supported her education through both a scholarship and a new education building on campus:

"I have been able to realize my potential as an educator, and Carroll helped me get out of my comfort zone. But, most of all, I really found my passion of mentoring the youth... My end goal is to go to the districts that don't have the best support or resources and make a change that most people think is difficult."

The Carroll Fund provides support when and where Carroll needs it most- learning materials and equipment, technology, facilities, and other needs that arise for students. **Will you join us in celebrating your reunion with a special gift of \$100 for Carroll students?** Your gifts to Carroll University ripple outward to effect change in unexpected ways, including helping students like Jasmin fulfill their dreams.

Best Regards,
