TRADITIONS AND PROMISES

The halls of Saint Thomas Academy are steeped in the tradition of our school's long and storied history. The eyes of thousands of graduates are on our cadets as they walk the corridor from Flynn Hall to Founders Hall. Class pictures on the walls are a daily reminder of the traditions made and promises kept.

Our mission, to develop boys into men of character, is our promise to our students, our families, our community, and the world. That promise includes making sure that Saint Thomas Academy is accessible to all, regardless of their financial situation.

We have a long history of helping students and families afford an Academy education. Our ability to offer financial assistance at a high level comes as a result of the generosity of its community. We ask you to prayerfully consider making a gift on STA Give Day. Your support will definitely have a lasting impact!
