

Dear <joint_salutation>,

When I first read my award letter from Georgia Tech, I simply couldn't fathom that I would be the first in my family to go to college and that I'd be doing so on a full scholarship thanks to the Tech Promise program.

The Tech Promise program is the opportunity of a lifetime for students like me, providing a community that supports us through every step of our Georgia Tech journey. Because of Tech Promise, I'm able to not only further my love and passion for Mathematics but also pursue my curiosity and dedication to the language and culture of German. Gifts to Roll Call from past Leadership Circle donors like you help provide unrestricted funding for scholarships like Tech Promise that break down the walls of financial insecurity and make the Tech experience a reality. **Will you once again provide your leadership-level support of Roll Call with a contribution of \$<ask1> to help make the Tech experience possible for students like me?**

Me (center) with fellow Georgia Tech Tour Guides, Fall 2022

Thanks to Tech Promise, I've been given the ability to dedicate myself fully to my academics, extracurriculars, and passions without having to worry about the financial stress and burden college can place on families. As incoming President of the Tour Guides at Georgia Tech, I recently hosted the newest cohort of Tech Promise Scholars and talked to them firsthand about what this program means. I am so thankful for the opportunity I've been given to study at Georgia Tech as a Promise Scholar, and I hope in the future to help support such an amazing opportunity for students that come after me.

You can help support the next generation of Tech Promise Scholars by rejoining the Leadership Circle and making a leadership-level gift to Roll Call today. When you do, you will help bring the best and brightest to Tech and support the programs that shape them into the leaders of tomorrow.

Sincerely,

Jason S. Sodikin
Tech Promise Scholar
