

WHAT WERE YOU DOING TWO YEARS AFTER YOU GRADUATED FROM MINNESOTA?

**Tim was making
his first gift.**

TIM AMERT

Electrical Engineering M.S. '96
Fun fact: 2 kids also CSE grads

ANNUAL **adds + up**

“I wanted to start a habit of giving and staying in contact.”

When Tim Amert made his first gift in 1998, he started small. With young kids and a mortgage, he gave what he could afford. Then, he did it again the next year. And the next. And every year after.

His annual giving adds up to 25 years—that’s a few student scholarships and a lot of changed lives.

You might not have a long history of giving to CSE like Tim. But you can start today.

A GIFT IN ANY AMOUNT MAKES AN IMPACT.
