Dear SALUTATION,

Kean University students have experienced many successes during the past school year. Kean students have achieved in the classroom, excelled in internships and conducted research. Many of our students have now graduated, and are heading on to the next chapter of their lives.

For many of these students, attending Kean University would not have been possible without your support to help them overcome the financial challenges they face.

One of the most personal and lasting ways to make a difference in the lives of our students is by making a gift to the Kean University Foundation. Generous alumni and friends continue to step up throughout the year to meet the needs of our students by making gifts to the Kean Fund for Excellence to fund financial aid, programmatic support, and unexpected needs.

Gifts of any size are powerful and directly support our student body and their academic experience.

Please consider a gift today in the amount of AMOUNT. Your gift will help to ensure that our students can continue to benefit from the extraordinary education that Kean provides.

Below is a reply card or visit www.keanfoundation.org/academicyearend2023 to make your gift online today. On behalf of all our students at Kean University, thank you for your support.

Warmly,

William H. Miller, CFRE
Chief Executive Officer
Kean University Foundation

Yes! I will support Kean University's students!

Enclosed is my check payable to Kean University Foundation

I am interested in including Kean University in my estate plans.

Our Cougars have so much to be proud of this year!

AUGUST

Kean welcomed its largest freshman class ever with more than 2,000 students. Kean's previous record freshman class was 1,815 students in 2018.

SEPTEMBER

Eighteen of our best and brightest Kean students, faculty and staff were honored and awarded at the first-ever President's Alumni Ball.

OCTOBER

President Repollet visited students from the Michael Graves College on their semester abroad in Italy. These opportunities continue to take our students out of their comfort zone and provide life-changing experiences.

NOVEMBER

Thirty students, chosen from a very competitive applicant pool, received their chance to climb higher as participants in our new Red Bulls mentorship program.

DECEMBER

Kean became the first university in New Jersey to join Moon Shot for Equity, a national network of colleges and universities committed to eliminating equity gaps in higher education by 2030. Equally important, the Middle States Commission on Higher Education reaffirmed Kean University's accreditation for the next eight years.

JANUARY

Congratulations to the women's swimming team, the New Jersey Athletic Conference (NJAC) Champions! For nearly 40 years, two schools — Rowan and TCNJ — have dominated the league, but Kean turned history on its head this year. The team's first-ever championship win came at the end of an undefeated run in conference competition and only six years after the swimming program restarted at Kean.

FEBRUARY

Two teams of students from Kean's College of Business and Public Management will be among teams from 17 institutions nationwide competing in the 2023 Agricultural Export Market Challenge this semester. Kean is the first NJ university to compete in the challenge and is the only institution from the state taking part.

MARCH

More than 115 Kean students participated in TravelLearn experiences across eight countries and the U.S./Mexico border during Spring Break, experiencing valuable academic and cultural lessons and expanding their own horizons. Students also traveled to Washington, D.C. for our first Kean Day on Capitol Hill. This important initiative allowed students to share their personal Kean stories in meetings with lawmakers and others.

APRIL

With 208 coaching victories at Kean, coach Shelley Sheiner became the winningest coach of men's lacrosse in our program history.

MAY

We have recruited more than 100 full-time, tenure track faculty; expanded sabbatical opportunities and release time; and we are creating new pathways to promotion for professional staff. Our recent Moody's A2 and S&P A- ratings affirm our financial stability throughout this process.

Show your Kean pride by making a gift to support Kean students!
