Bowdoin

As a token of our appreciation, please enjoy the enclosed plantable bookmark. Plant it under 1/8" of soil in a sunny spot and watch your wildflowers grow.

Greetings from Bowdoin!

It's been one year since your gift to the Parents Fund made a significant impact on Bowdoin's mission and the lives of our students. I wanted to take a moment to express my heartfelt appreciation and to celebrate all that you do for the Bowdoin community!

Your dedication and support helped us achieve so much in the last year and allowed us to provide crucial resources for financial aid, academic programs, student initiatives, and more. It's through your generosity that Bowdoin can continue to create opportunities, inspire innovation, and transform lives.

But college is not just about individual growth. It's about coming together as a cohesive community. We celebrate successes and overcome challenges as one, and it is this collective experience that makes a Bowdoin education truly remarkable.

Thank you for being an essential part of our community. I hope you will commemorate your gift anniversary by renewing your annual gift, once more making a positive impact on the College and its students. Your support matters, and we look forward to growing together.

With sincere gratitude,

Molly Carr
Director of the Parents Fund
