Current and retired faculty and staff make a difference on campus every day. You see firsthand how much the university's important work depends on private support. Visit give.uga.edu/paws to support your own area of campus or find a cause that is meaningful to you. It's easy to set up a recurring payment via payroll, too. Your participation also ensures you are recognized in the Philanthropy at Work (PAW) Society.

Your power to make a difference will lead us to a brighter tomorrow!
