

# UCI Parent and Family Engagement

Dear First\_Name,

One of the many reasons my family celebrated our son's acceptance to UCI was the legacy that he had become part of: an inclusive community whose values and mission permeate campus borders. Watching my child grow into a young adult, supporting him through every phase and curiosity, I always knew the day would come when he'd be off to college in pursuit of the life he dreamed of. And nearly three years later, we couldn't be prouder of the man he is becoming and the opportunities this university has provided to help him get there.

**Inspired by UCI's mission, I became involved with the Parent Executive Board to support the university, its students and their respective growth.** As chair of the board, I love speaking with parents and families looking to become more involved with the community of UCI, helping to champion its needs and the students who benefit from them. Together, UCI, parents, and families are a support system for a better future, giving students the chance to achieve their American dreams.

The environment at this incredible institution lends itself to great imagination and limitless potential, with advances in technology and new discoveries happening all the time. **As the brilliant minds of students expand to shape our future, UCI continues to evolve alongside them.** Highlighting areas of growth, resource development and programmatic potential has been a particularly fulfilling part of this position. I am moved by the dedicated members of the Anteater family who have invested in the future of UCI through volunteerism, philanthropy and the belief that we can help these students make the future a better place for us all.

**I invite you to share in this mission by participating in UCI's Giving Day on April 18.** This campuswide event is an opportunity for us to demonstrate our commitment to community and student success. Your gift, of any amount, to an area meaningful to you will help to enhance opportunities for all students and make their dreams a tangible reality.

Zot! Zot! Zot!

Laarni von Ruden  
Chair, Parent Executive Board

University of California, Irvine  
100 Theory, Suite 250, Irvine, CA 92617
