*Thanks for the memories!*

# REUNION

— 2023 —

*“Consider honoring your own journey with a reunion gift today.”*

**Steven E. Gay, M.D., M.S.**  
Clinical Professor of Medicine  
Director of Alumni Engagement and  
Medical Education Philanthropy

Medical school is one of the most transformative and meaningful experiences of our lives, from your first clinical experience, finding a field that truly fits you and connecting with people who have remained important parts of our lives. As a student here, you became part of our 170-year legacy and have helped define the qualities that will shape the next generation of physicians and scientists. You were and are the future of medicine. We celebrate your achievements as you move forward, and ask you to consider helping those who will follow in your footsteps in a way that’s most meaningful to you.

**Say thanks for the memories.
