

HARD COPY- EOY Appeals

Thank you for your contribution to Texas Tech University Health Sciences Center (TTUHSC) Fund for Excellence!

Your timely and thoughtful generosity means we can enhance teaching and learning, and continue pushing the boundaries of what's possible in the future of health, research and development. Knowing we have your support boosts our resolve to keep moving forward.

Thank you for being an integral part of our journey and for inspiring and empowering the next generation of leaders in health care.

We celebrate with you the impact of your philanthropy on the TTUHSC community. It is because of your generosity we:

- Granted 5.6 million dollars in student scholarships across six schools (medicine, nursing, health professions, pharmacy, and population and public health)
- Gifted 180 medical students their first stethoscopes as we welcomed them into the HSC family
- Provided 92 first- year pharmacy students with their first white coats to kick-off their journey into the pharmaceutical industry

Your contributions truly make a lasting impact on the education and aspirations of our beloved students. Please accept our sincere gratitude for your generosity!

With heartfelt appreciation,
