EVMS 50

A LEGACY & A PROMISE 1973 2023

Dear <<Salutation>>,

Thanks to supporters of the EVMS Fund, scholarships are being awarded to deserving medical and health professions students helping to reduce their financial burden and allowing them time to focus on their studies. Since July, 460 donors have contributed over \$113,000 to the EVMS Fund.

"As an out-of-state medical student, affording my education at EVMS became possible with your generosity. I never take such gifts lightly and desire to pay this forward through generosity and service to the next generation coming behind me. With much gratitude, I say thank you."

██████████████████, MD Class of 2026

Students, like **██████████**, are incredibly grateful for the opportunity to become tomorrow's world-class healthcare providers.

Will you renew your support and join this year's donors to have a direct impact on our future healthcare leaders? **[Make your gift to the EVMS Fund today!](#)**
