

Dear [Salutation],

Each day, the Division of Student & Campus Life delivers the best possible experience to today's Cornellians. We provide the consistent foundation needed to thrive inside and outside the classroom, and well beyond their time on the Hill. Our dedicated team of professionals offer unique, inspiring, and transformative experiences for all Cornell students.

From our outstanding residence life programs, to student clubs and activities, to fitness and wellness opportunities and career services, Student & Campus Life works to support an inclusive community and a sense of belonging for all students.

Thanks to your past support, Student & Campus Life has begun this new academic year with energy and momentum. I invite you to renew your leadership-level support so that we can continue to support our students to the best of our ability. Gifts to the Student & Campus Life annual fund allow us to respond to student needs and help them take advantage of incredible opportunities. Support from generous [parents/ alumni] like you makes the difference, and I hope you will continue to invest in today's students.

On behalf of Student & Campus Life and all Cornell students, please accept my heartfelt thanks for your generosity.

Best regards,

Ryan Lombardi
Vice President for Student & Campus Life

P.S. Our students need your support now more than ever. Please make your gift today!
