KENT PLACE SCHOOL
ESTABLISHED 1894

“To belong at Kent Place means you have a team cheering you on, believing in your potential, and celebrating the road ahead wherever that leads — to include others and support your teammates, classmates, and friends, are hallmark skills of a great leader.”

—DR. JENNIFER C. GALAMBOS, Head of School

The power of the Kent Place community is felt on campus and beyond — among our students, parents, faculty, staff, alumnae, and friends, who collectively further the mission to empower girls to be confident, intellectual, and ethical leaders who advance the world.

The Kent Place Fund supports our signature programs and resources that set Kent Place School apart and provides a transformative educational experience, which is full of discovery, innovation, and excellence.

WITH YOUR SUPPORT, ANYTHING IS POSSIBLE!

“We left Kent Place as empowered women. I’m very grateful for this community that continues to raise me up during challenging times.”

—KELLY (MEAD) LEACH '90

“KPS didn’t tell me what was right and wrong in every situation, but it gave me a moral compass to navigate challenging topics and to always try to think about others in my community, in my work, and in my life.”

—SARAH (HAMMITT) COLASURDO '00

“At Kent Place, students learn to build community at a young age. They learn to rely on each other. They learn how to support one another. It’s magic and it happens everyday.”

—JENNISON LEE, Grade 1 Teacher
