Subject: One Heart, One Mission; The Faculty & Staff Campaign for Palmer College

We beat as one, our Palmer pride is unmatched and together we are the heart of Palmer College. Each member of the faculty and staff plays an integral part of our mission and we all have a special role in the life of the College and our students. Our involvement, both philanthropically and through our service, makes a lasting impression that will stay with our students now and as they transition to alumni.

One Heart, One Mission; The Faculty & Staff Campaign for Palmer College, gives us the opportunity to come together on one day to support what we love most about Palmer—to extend our Palmer Pride—by advancing the College financially as well as through what you give in your time and talents. **Our goal this year is to hit 50% of faculty and staff giving back.**

Every single gift, whether \$5 or \$5,000 makes a difference. It is not the amount that matters, as a collective we build up support together that can make the difference for our students.

Giving back is easy! **You can make a monthly or one-time gift through payroll deduction by clicking here: [Payroll Contribution Form \(office.com\)](#)**

What you do now will impact current and future generations of Palmer chiropractors for years to come.
