POWER — OF — PARTICIPATION

Help Feed the Hive!

Year after year, the participation and support of our generous community makes amazing things possible.

Throughout the month of December, we are asking this same generous community to give back to the campus Food Pantry.

The Food Pantry is a University of Rochester initiative dedicated to tackling the rising issue of student food insecurity on campus. The staff works tirelessly to ensure that every student has access to food, regardless of their financial situation. The effects of the pandemic have made the need for this service even greater, but we firmly believe that no one, especially college students, should have to worry about where their next meal is coming from. The Food Pantry is accessible to all students, operates all year round, and accommodates any food allergy needs, but must be replenished in real-time in order to continue providing this critical service.

A gift of just \$15 to the Food Pantry will fill one grocery bag with nutritious non-perishable food items.

Help Feed the Hive

This holiday season, help give back to students who remain on campus during winter break and keep the shelves stocked for students returning to campus in the new year.

How many bags can we fill for students in need by December 31st? Let's come together to demonstrate our Power of Participation!
