

INTRODUCING THE SA FUND

MOVING FORWARD

Hello from **ACADEMY AVENUE!**

The back-to-school season is in full swing and autumn is making its appearance on campus as the leaves change color and a chill returns to the morning air. Students are engaged in their classes and activities, and when you add in faculty and staff, there's an energy throughout our halls that is practically palpable. Do you recall your first experience walking onto Sewickley Academy's campus? That incredible feeling of knowing that around every corner was the potential for new friendship, discovery, and inspiration; that feeling remains today. SA is, and has always been, a special place where remarkable students develop the necessary skills to enter the world with curiosity, compassion, and integrity.

SA's momentum has been noticeably building, and **we need your support** to keep the enthusiasm growing. This fall, we are excited to launch the **SA Fund** which provides resources to ensure that we can achieve our commitment to academic excellence and sustain our ability to adapt to the ever-changing needs of our students.

Continued on Back >

THE SA FUND:

➤ Is Mission-driven and provides support for initiatives that are not fully covered by tuition

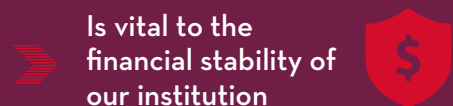

Supports your favorite teachers with professional learning opportunities

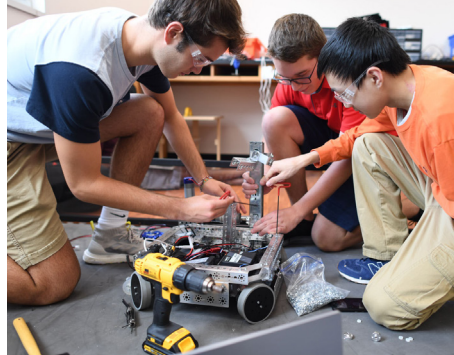

➤ Provides improvements to campus

Generates financial aid for deserving students

➤ Is vital to the financial stability of our institution

Every gift, no matter the size, is recognized, valued, and put into action. Your generosity keeps us moving forward and ensures that we can exceed our students' need for curiosity, opportunity, and exploration.

Our SA community is bound together through shared experiences and a passion for excellence. We hope that in addition to your contribution to the **SA Fund**, you'll engage in one of the countless ways to get involved with our beloved Academy. In the past few months we've had the antique fire truck around town, and community members, alumni, and neighbors have joined us for Summer Movie Nights on Wardrop Field, Spirit Nights at Nichols Field, and at local markets and festivals. Community support was abundant at the annual Hansen Cup and Clothesline Sale, and we're already working hard to plan this year's Annual Auction.

Help us continue the tradition of excellence across academics, athletics, and the arts by supporting the **SA Fund**. Together, we make Sewickley Academy a vibrant place that produces confident, successful graduates ready to lead the world.

Each contribution is 100% tax-deductible and can be made online, by check, or by phone. Join the others who have already given to the **SA Fund** this year.

With gratitude,

Carey Byrnes
Annual Giving Officer

Brittani Spencer
Major Gifts Officer

PS - Make your gift to the SA Fund the easiest thing to cross off your to-do list this school year! Give now at SAFund.org

As a former teacher, I give to the SA Fund to celebrate the diversity of our community, so that more students—some without the financial means—may have the opportunity to attend our school, which is a benefit not only to them, but to us all; I give to the SA Fund to embrace the beauty of our future, to ensure that all Panthers will continue to flourish and grow. I give to the SA Fund and I ask each of you to consider also contributing to this meaningful campaign.

- Jerilyn Scott
Head of Lower School | Former Teacher, Parent, Alumna '86
