

PLEASE JOIN US IN MAKING A GIFT TO DENISON THROUGH YOUR ESTATE PLAN

We each have special and personal memories of our time at Denison. Perhaps a professor or staff member or classmate made all the difference. Maybe it was dear friends or a special person who is still part of your life. REMEMBERING DENISON IN YOUR ESTATE PLAN IS A GREAT WAY TO SAY THANK YOU and make a life-changing experience possible for others.

Why is Denison in my estate plans?

“Denison has meant a lot to many of us. The education and grounding we received 50 years ago have opened countless doors. That’s why I believe in providing the chance for future graduates to have the same opportunities. Designating 1%, 5%, 10% of your estate is a painless way to make this happen and doesn’t lessen your enjoyment of it today. I expect my heirs will be grateful for what they receive and not begrudge what went to assist future Denisonians.”

“We loved our time on campus, and we are grateful for the start that Denison gave us. Because of Denison, we have made life-long friendships with many fellow Denisonians. We are excited about where Denison is today and are pleased to be able to offer our support for Denison’s future.”

“Deciding to include Denison in our estate plan was just inevitable. I loved my time at Denison, always supported the Annual Fund after graduation, and served as a D.A.R.T. volunteer for many, many years. When we first did our estate planning decades ago, Denison was in the plan without a second thought. It just belonged there, and the process couldn’t have been easier.”

“My Denison experience was a formative one for me in multiple positive ways. I firmly believe the liberal arts curriculum prepares young men and women to do not one thing, but anything in their lives after Denison. As I’ve been involved with Denison, I’ve seen first-hand the benefit of Denison’s continued investments in students, faculty, programs, and the campus to become and remain one of the top liberal arts colleges in the country. Including Denison in our estate plan reflects my commitment to and belief in Denison’s future.”

“Creating estate documents was, for me, perhaps one of the most difficult projects I have addressed. The one pleasure I found from that process was the opportunity to think hard about the impact gifts from my estate could have on my family and the institutions which were impactful to me. Given Denison’s outsized influence on our lives, I encourage you to join me in remembering the school in your estate. I know first-hand that our alma mater will be an extraordinary steward of our gifts which, in turn, will ensure that Denison will remain the remarkable institution that we know and love.”

“A friend once asked me why I would include a substantial gift to Denison in our estate plan. My father passed away while I was a student and, with the help of Denison and my classmates, I was able to navigate my way to graduation. In subsequent years, I realized that Denison’s academic training and collegial environment had prepared me exceptionally well and I want future Denisonians to benefit from the same experience. That’s why.”
