We get it. Life is busy...and expensive. You may still be paying off student loans, and there are always bills to be paid. It's easy to question why should you give back to Lyco, especially now.

It's simple, really. Alumni who came before you helped pave your way. Remember the experiences and fun you had, and how Lyco helped get you where you are today. Now you have the opportunity to make a difference in the life of a Warrior. And it doesn't take much. Think of a giant wave that begins with a tiny ripple. When each of us does a little, it adds up to a lot. A gift as simple as \$10 can have a huge impact when we all come together to show our love for Lyco.
