## SCHOOL OF MEDICINE

Dear Classmates:

We did it! Congratulations on graduating from Washington University School of Medicine. While I know everyone has a lot to do to get ready for residency, I hope you will take the time to join me in contributing to **our class gift effort**.

The class gift is an annual WU tradition that enables us to give back to the School of Medicine in a way that we feel will benefit future students. The Class of 2022 and 2023 Award is dedicated to the memory of Momoko Oyama (1996-2020) who was a dear classmate, friend, and aspiring pediatrician in the entering class of 2018. Her kindness, selflessness, and nurturing nature inspired a lasting legacy for all those around her. This award is given to a graduating student who embodies these qualities and demonstrates a commitment to caring for patients and their families, for which Momo will be remembered.

Please consider a pledge of **\$25 a year** to Class of 2023 Award for the next **three years**.

[Make Your Gift Here](#)

The collective efforts of our class combined with the gifts from the Class of 2022 will have an incredible impact in reaching the goal of \$25,000, which will establish an endowment and allow the award to be given in perpetuity.

Thank you in advance for helping the Class of 2023 make a lasting and meaningful impact to our medical school!

Sincerely,

**Jennifer J. Lee (She/Her)**
