To: Garcia, Mariana <mgarcia17@dom.edu>

Happy Thanksgiving and thank you. You give so much to our students every day. In this video, students share why they are thankful for you, and what makes Dominican such a special community.

Together, our collective support makes a profound difference in their lives. **If you are not already giving, please consider making a gift this season.** Dominican offers life-changing education to a diverse student body in a caring community. Your gift provides immediate support to scholarships and financial aid, academic and research initiatives, health and wellness programs, community-based learning, outreach and ministry programs, library and technology enhancements and so much more.

You can make a recurring gift through payroll [here](#) or a one-time or recurring credit card gift [here](#).

As a token of our appreciation, all current recurring faculty and staff donors, and all faculty and staff who make a new recurring or one time gift before December 31, 2023, will receive a DU Car Magnet.

P.S. If you have any questions, please contact Joanna Skubish, Director of Annual Giving, at jskubish@dom.edu or (708)524-6309.
