##firstname##,

do you remember about the '00s?

The iPod, midnight blockbuster releases, ***our Miami Hurricanes won the 5th National Football Championship***, Tom was everyone's first friend, and ***University Village welcomed new students to the U for the first time***.

The '00s were a decade of progress and achievement. When you make a gift of \$25 or more to scholarships at the U, you'll not only be investing in the next decade of advancement at the U, but you'll also receive an item as resilient and versatile as our University — **a limited-edition U crossbody bag!**

GIVING IS FETCH

If your gift and this message have crossed paths, please accept our sincere gratitude for your support.
