ALUMNI ROAD MAP TO SUCCESS

THE HIES WAY

SUCCESS

ALUMNI BUSINESS DIRECTORY

Do you own a small business? Add your free listing in our HIES Alumni Business Directory! This is a great way to support Golden Bears in the business community and find the products and services you need from fellow alumni. Visit www.hies.org/alumni/alumni-business-directory.

THE GOLDEN BEAR ANNUAL FUND

This fund benefits every student by providing learning tools, additional security, materials and equipment for athletics and fine arts, recruiting and retaining faculty and staff, visiting speakers and experiential learning opportunities like field trips, professional development for faculty, a nurse and counselor for every Division. This fund is a part of HIES' operating budget. We encourage all HIES alumni to participate. For more information, visit www.hies.org/annualfund.

SCAN TO GIVE NOW 

ALUMNI ADMISSIONS

HIES welcomes the next generation of Golden Bears! Create an account in Ravenna via www.hies.org/admissions/apply and learn more about today's Golden Bears. Do you see a fit for your family?

Take a campus tour, schedule a shadow day (LS, MS, US) for your child and secure your place in our next class. An application fee waiver is available for HIES Alumni. Contact the Admissions Office for more details.

TAX CREDIT PROGRAM

The Georgia Tax Credit Scholarship Program, administered by our partner, Apogee, allows you to redirect a portion of your Georgia State tax liability to the HIES financial aid program. Individuals, S-Corps, Corporations and Trusts can all participate. For more information, please visit www.hies.org/giving/tax-credit.

BECOME A CLASS REP

As Class Representative, you are the liaison between the school and your classmates. In this important role, you will assist in encouraging your class to get involved with the school, updating contact information for your class, sending notifications to your class about programs and upcoming events, encouraging your class to give to The Golden Bear Annual Fund and reminding your class to submit notes for inclusion in the *Torchbearer*.

PEAK INSTITUTE

The **PEAK Institute**, serving grades eight through twelve, guides student exploration of emerging interests and passions through experiential learning, project work and broader career discovery supported by a network of mentors and professionals, including our own HIES Alumni.

P - Passions - Students pursue their interests and discover new passions through coursework including PEAK Seminar, the PEAK Capstone Project in the Upper School and Sports and Event Marketing in the Middle School.

E - Experiential Learning - Students can visit companies, talk with CEOs and learn new skills through on-campus internships.

A - Authentic Tasks - Students complete real-world projects that are needed and valued. They have the opportunity to receive and incorporate feedback through presentations to professionals and executives.

K - Knowledge Building - In PEAK, students not only get a chance to learn and explore their own interests, but they will gain valuable experience in leadership and career industries.

To learn more about alumni participation with the PEAK Institute, please visit www.hies.org/academics/peak-institute.
