HELP US TURN THE MAP

GOLD

This March, we're challenging alumni in all 50 states to participate in our Turn the Map Gold Challenge. If we get an alumni donor from every state before noon on March 31, an anonymous donor will make a gift of \$10,000.

As each state participates in this challenge, the map will turn gold on our website. You can also follow along at home by scratching off each state as alumni from there participate. Help us turn the map gold and secure challenge dollars by making your gift today!
