

Dear Fellow Alumnus,

I hope this letter finds you well. My name is Sulma Balmos '09, and I am Vice President of Integration and Operations at ProSmile in New Jersey. I received my bachelor's degree in 2009 from Felician University. Soon after graduating I realized I wanted to still work in the healthcare field. Although I am not treating patients or providing care, I ensure that our standard of operation is efficient and effective. Every decision I make, I think about my family and how it would impact them as a consumer. I find this same emotion when it comes to Felician.

As an alumnus of this institution, it is important to me to help support the next generation of students. You and I know firsthand the value of the education and experiences that this institution provides. Today I am writing to ask for your help in supporting our Arts and Science Scholarship Fund, which aims to provide financial assistance to deserving students who face barriers to continuing their education.

Scholarships are essential to ensuring that talented individuals from all backgrounds have access to Felician's transformative education. The Arts and Science Scholarship Fund has helped countless students achieve their academic dreams and will assure us of the critical pipeline of educators needed within our communities.

How You Can Help:

- ✓ **Donate:** A gift of any size can make a significant difference.
<https://felician.charityproud.org/Donate>
- ✓ **Pledge:** Contributions provide sustainable funding for future generations of students.
- ✓ **Advocate:** Encourage friends and fellow alumni to contribute and amplify the impact we can make together.

Remember, no contribution is too small. Your involvement in the Arts and Science Scholarship Fund will ensure that gifted students continue to have access to the high-quality education Felician is known for.

Please contact Diane Sedlmeir, Director of Alumni Engagement and Annual Giving at SedlmeirD@Felician.edu if you have any questions or need assistance.

Thank you,

Sulma Balmos '09

Dear Fellow Alumnus,

As I hope all is well with you and family! My name is Monte Williams. I received my MBA from Felician University in 2017. Since graduating, I've leveraged my degree to find a company with the mission of transforming the business world one person at a time by helping them to lead themselves more effectively so that they can add the most value not just to their organizations but to their life overall. This is purpose in life—to add value to the lives of others. To that end, I am a HR Practitioner, Author, Certified Executive Coach (PCC), & 2x TEDx Speaker. I would not have been able to achieve any of this or find my purpose in life without the exceptional experience my Felician MBA has afforded me. I believe it is now my responsibility to pay it forward, but I need your partnership.

As an alumnus of this institution, it is important to me to help support the next generation of students. You and I know firsthand the value of the education and experiences that this institution provides. Today I am writing to ask for your help in supporting our Business Scholarship Fund, which aims to provide financial assistance to deserving students who face barriers to continuing their education.

Scholarships are essential to ensuring that talented individuals from all backgrounds have access to Felician's transformative education. The Business Scholarship Fund has helped countless students achieve their academic dreams and will assure us of the critical pipeline of educators needed within our communities.

How You Can Help:

- ✓ **Donate:** A gift of any size can make a significant difference.

Dear Fellow Alumnus,

I hope this letter finds you well. My name is Antonella Lind '17, and I am Superintendent of Washington Township Schools, Long Valley, New Jersey. I received my bachelor's degree in special education and principalship certificate from Felician University. Education has been transformative in my life, opening doors not just for professional advancement but for making meaningful impact on the lives of students and families. I find this same emotion when it comes to Felician.

As an alumnus of this institution, it is important to me to help support the next generation of students. You and I know firsthand the value of the education and experiences that this institution provides. Today I am writing to ask for your help in supporting our Education Scholarship Fund, which aims to provide financial assistance to deserving students who face barriers to continuing their education.

Scholarships are essential to ensuring that talented individuals from all backgrounds have access to Felician's transformative education. The Education Scholarship Fund has helped countless students achieve their academic dreams and will assure us of the critical pipeline of educators needed within our communities.

How You Can Help:

Thank you,

A handwritten signature in black ink that reads "Antonella Lind". The signature is written in a cursive, flowing style.

Antonella Lind '17

Dear Fellow Alumnus,

I hope this letter finds you well. My name is Sheila Collier, RN, MSN '17. I became a nurse with a deep desire to help others and pursue a profession rather than a job. For me, the importance of becoming a nurse was not only about patients and families but also about creating a lasting positive impact within the healthcare field. I find this same temperament when it comes to Felician.

As an alumnus of this institution, it is important to me to help support the next generation of students. You and I know firsthand the value of the education and experiences that this institution provides. Today I am writing to ask for your help in supporting our Nursing Scholarship Fund, which aims to provide financial assistance to deserving students who face barriers to continuing their education.

Scholarships are essential to ensuring that talented individuals from all backgrounds have access to Felician's transformative education. The Nursing Scholarship Fund has helped countless nursing students achieve their academic dreams and will assure us of the critical pipeline of caregivers needed within our communities.
