“Because of the financial assistance provided by scholarship donors, I can fully take advantage of the resources, clubs, classes and opportunities that OSU offers and make the most of my college education without worrying about financial constraints. It’s meaningful support that I truly appreciate.”

“My goal is to help people with my education; that’s what education should be used for. Coming from a lower income background, I know that getting a higher education is a privilege many people don’t have.”

“I would probably be working a second job if I didn’t have this scholarship. It would be really tough because I see how difficult it is for other students who do that. Someday, I’d like to give back to Catalyst as a donor — that’d be pretty cool.”

Scholarships

Make a difference in the lives of students today.

Dear [Formal_Salutation],

Scholarships give students the power to stay enrolled, graduate on time and launch meaningful careers. The return is immense: Beavers are solving global challenges, and alumni living in Oregon alone are projected to together generate \$258.5 billion over their careers.

Will you help Oregon State continue to create prosperity — for graduates, their families and the communities they go forth to serve — by giving to scholarships today?

Sincerely,

TYRELL WARREN-BURNETT
