I ♥ KPS

THE KENT PLACE FUND

The Kent Place Fund has a tremendous impact on every aspect of school life. Gifts to the Kent Place Fund go into immediate effect, which means they give us the financial flexibility to meet our daily operational demands and enable us to respond to the needs of our students in real time.

Every gift, no matter the size, shows your support of our mission.

Signature Programs and Resources

From our unrivaled signature programs, such as the Ethics Institute and Girls' Leadership Institute, to personalized college advising, and experiential field trips, your contribution to the Kent Place Fund helps our brave and brilliant students become critical and creative thinkers, responsible citizens and leaders, and lifelong learners.

Experiences in the Arts

Whether exploring skills on canvas or on stage, singing a duet or practicing an instrument, Kent Place artists develop their interests, talents, and passions on every level — physically, emotionally, and intellectually. Giving to the Kent Place Fund supports high performance in our vibrant arts programs.

Keeping Kent Place Accessible

Participation in the annual Kent Place Fund demonstrates your belief in the power of an all-girls education. Your contribution enriches the vibrancy of our community and ensures all students have access to the full Kent Place experience.

Global Community

Kent Place has laid the foundation for more than 4,000 women since 1894. The alumnae sisterhood is an integral part of the "green and gold" community. They bridge the traditions of the past and leave a bright legacy for future generations to come.

Success on and off the Playing Fields

Kent Place's athletics program gives students the opportunity to learn leadership skills, practice outstanding sportsmanship, and reap the rewards of teamwork. The Kent Place Fund ensures that our students succeed on (and off) the field.

Tools for Learning

The Kent Place Fund ensures our classrooms and facilities are equipped to meet the evolving needs of our students with cutting-edge technology, spaces for clubs and organizations to grow, and an environment where excellence flourishes all around.

Support for Faculty

Kent Place faculty are second to none. Our teachers are committed to expanding their expertise and delivering extraordinary lessons in a nurturing environment. This dedication continually improves our programming. The Kent Place Fund supports our faculty in their efforts to stay current and dynamic in the classroom — which is the heart of the Kent Place experience.
