

No one knows exactly how old Susie is - but we do know she's older than the students playing her.

This year we have a record number of sousaphone players in desperate need of instruments, but we don't have enough sousaphones for them - and those we do have are in need of repair or replacement. With your help, we can ensure the band marches into this season prepared.

We're raising $40,000 to purchase 4 sousaphones. **Give now to our DuckFunder campaign** and together we can make this the best season ever for our Sousafamily.
