FUND

JULIA HENCK '24
SCHOLARSHIP RECIPIENT

"My Bennington experience has introduced me to so much of the world that I would never have known without the opportunities, connections, and insights Bennington has offered me.

One of my most significant discoveries at Bennington is my love for art. At Bennington, I've been able to explore all aspects of the art world, from art making and interpretation to the business and methods of the art world in museums and galleries. I've loved getting to work in the ceramics studio, and I can't wait to keep making more art in future studio classes."

DOUBLE YOUR IMPACT DURING THE APRIL SCHOLARSHIP CHALLENGE.

From April 1-30, Margaret Rood Lenzner '67 is matching the first $100,000 towards student scholarships dollar for dollar. A gift of any size makes a Bennington education even more possible for our extraordinary students.

Scholarships make it possible for students like Julia to find their passions here at Bennington, regardless of their financial circumstances.

High student loan debt means fewer students feel able to follow their passions into life-changing careers as artists, educators, non-profit leaders, and activists. Fewer students feel the freedom to imagine and pursue the new jobs and solutions the future depends on.

Increasing access to student scholarship opportunities is critical to the ongoing recruitment and retention of students who will enhance the Bennington experience and leverage it for the good of society.
