Make College Possible

Dear {insert donor first name(s)},

Allow me to introduce you to Abby, a dedicated student in her second year who is pursuing a degree in Agri-Business/Science Technology. Her passion for agriculture runs deep, and she's following her lifelong dream of working in the field.

Abby's journey at Fox Valley Technical College would not be possible without the crucial scholarships she's received – support made available through the incredible generosity of donors like you.

When you give to the FVTC Foundation, you are opening doors for students across our community and beyond.

{insert donor name}, will you make college possible for students like Abby? Your gift to the FVTC Foundation removes financial barriers and enhances hands-on learning experiences.

Your generosity has a lasting impact on our students, helping them achieve their education and career goals. Thank you for being an essential part of their success!

Warmest regards,

Becky Boulanger

P.S. Keep in mind that you can donate appreciated stock, or designate your IRA required minimum distribution to the FVTC Foundation.

"Your generosity will never be forgotten, and I hope someday I can also give back to other students in the same program as myself.

This scholarship will help me afford gas to get to and from school everyday. This will be such a relief for my semester, and I am so thankful."
