**Subject:** Preview: Building Tomorrow's Engineers ??

Dear Nicolas,

Our student engineers are not just the future, they are the innovators of today, pushing the boundaries of what's possible in technology and engineering. **They are the visionaries who will shape the world we live in, and they need our support to succeed in their mission.**

One of the core programs that embodies our mission is DustyMOTOR, an initiative designed to **encourage students to get hands-on with engineering by repairing and restoring vehicles.** This program not only hones critical engineering skills but also fosters teamwork, problem-solving, and innovation.

**Fuel Innovation**

But for programs like DustyMOTOR and others to continue thriving, we need your support. **Your gift will directly impact our students, giving them the tools they need to succeed, learn, and grow.**

*Best,*
*Dr. Tariq Tashtoush*
*Associate Professor*

## HELP THEM WIN A CHALLENGE!

Your donation will count toward Giving Day Challenge #4, where every gift **helps them score an additional $700 for the program!**

**DRIVE FOR THE CHALLENGE**

**Challenge #4: Wednesday, November 20, 2024, from 8:00 AM - 10:00 AM**

**Texas A&M International University** | 5201 University Blvd. | United States | Laredo, Texas 78041 | 956.326.4483 | alumni.tamiu.edu
