Dear Alumni,

Thank you for your past support of the Xaverian Clipper Fund. Your generosity has continued to make a tangible difference and give Xaverian the ability to provide the best education and experience for all of our students.

As over 1700 students walk through our doors at 7100 Shore Road for the 2024-2025 school year, they are presented with the tremendous opportunities and resources that come with being a Clipper. Whether it's enrolling in one of Xaverian's pre-professional academic pathways, joining one of over 50 after school clubs, participating in our top-tier music program or getting involved with Campus Ministry and their service retreats, our students are taking advantage of all that Xaverian has to offer.

Your philanthropic support has empowered students to discover their passions and experience an enthusiasm for learning. It has inspired our faculty and staff to help each and every student reach their potential. Clipper Pride is on full display on a daily basis and it is because of the foundation of community that our alumni continue to reinforce.

We missed your support in the last academic year, we kindly ask you to consider making a gift to the Clipper Fund today.

Thank you for your continued support of Xaverian.

All the best,

Dillon Burns '12
Director of Annual Giving
