EXCELLENCE

is achieved

TOGETHER

and it begins with

YOU.

THE GOVERNOR'S FUND

Transformational education is possible when exceptional teachers and curious learners intersect.

The connections between Govs students and teachers may start in the classroom, but are deepened through meaningful relationships as player and coach, advisee and advisor, or boarder and dorm parent.

Your gift amplifies the connections made everyday in the Govs community, and in turn, helps our students achieve excellence as they grow into creative innovators, accomplished leaders, and passionate scholars.
