IOWA HEALTH CARE | Stead Family Children's Hospital

January 21, 2025

Dear Mr. and Mrs. Sample,

Thanks to your continued support of University of Iowa Health Care Stead Family Children's Hospital, we are making incredible progress towards improving the health of children in our region.

Our dedicated medical teams are committed to providing leading-edge care to every child, from birth through adolescence. Support from our community – from generous people like *you* – helps further the life-changing work of our multidisciplinary pediatric experts.

Mr. and Mrs. Sample, please make a gift today of $HPC, $UG1, $UG2, or more. By working together, we can ensure that young patients will have access to some of the most advanced cardiac care available.

In recognition of American Heart Month, we are honored to share our groundbreaking advancements in cardiac care which are already having a powerful impact on children and families across Iowa.

Your contributions make a world of difference. They help us invest in cutting-edge technology and programs that save lives in our community. For example:

Project ADAM Honors 17-year-old Cardiac Arrest Victim

Project ADAM (Automated Defibrillators in Adam's Memory) is a testament to our dedication to improving community health and safety. This life-saving initiative provides schools and communities with the requisite knowledge and tools to respond to cardiac emergencies. Our team at UI Health Care provides training sessions and develops emergency response plans to save lives in our communities.

Stead Family Children's Hospital is on the front lines of protecting children and teens from cardiac arrest through Project Adam: Iowa Heartland. We provide free education and planning assistance to parents, administrators, and coaches with the goal of preventing cardiac arrest in children, adolescents, and adults.

(over, please)

P.O. Box 4550, Iowa City, IA 52244-4550 | 800-648-6973 | **uichildrens.org**

☑ YES, I/WE WANT TO GIVE HOPE TO CHILDREN IN IOWA.

Emergency preparedness in schools is critical to protecting our children and others. Proper CPR training as well as having an automated external defibrillator – which diagnoses life-threatening heart rhythms – can triple a person's chance of survival.

By working together, we can fuel innovative research that leads to exceptional cardiac care for children across Iowa.

Your gift today will warm the hearts of our young patients – and enhance the health of children. Thank you for changing lives in our communities.

Spread some love this Valentine's Day. Send the enclosed cards to someone special in your life. Thank you!

Sincerely,

Your Friends at University of Iowa Health Care
Stead Family Children's Hospital

P.S. **Our young patients deserve the very best care we can provide.** Please give generously today. Thank you!

Go to givetoiowa.org/childrens to make your gift online today. You may also make your gift online by pointing your device's camera at the QR code.
