MAJOR/MINOR: History

HOME: Virginia

WHAT'S YOUR FAVORITE W&L MEMORY?

"For me it is the totality of the experience ... making lifelong friends, remembering the Colonnade in the fall foliage and the new growth of spring, classes with great teachers, and many more experiences that I have drawn upon throughout my life."

KELLY SEWELL NAGEL '00

MAJOR/MINOR: Business Administration and Accounting

HOME: Virginia

WHAT'S BEEN A HIGHLIGHT FOR YOU LATELY?

"I recently transitioned back to being a full-time entrepreneur and I'm so excited about it. I'm running a strategic consultancy that focuses on fractional C-suite work and executive coaching. It gives me a lot of agency around choosing my clients while allowing time for teaching and being a full-time logistics coordinator/driver for my 3 kids."

MAJOR/MINOR: American History, Geology/Classics

HOME: Kentucky

FAVORITE SPOT ON CAMPUS:

"The Geology Department computer lab. Geology was such a close-knit group and we always ended up congregating in the lab while we did work - it was always awesome to spend time in there with my classmates and professors (and maybe catch a few naps on the couch)."

WHAT'S BEEN A HIGHLIGHT FOR YOU LATELY?

"This past June, I went on the Outing Club hiking trip to the Dolomites in Italy. It was INCREDIBLE to be in such a beautiful place, connecting with other alums, reminiscing on our days at W&L, and being reminded of what makes this place and its people so special. While I did not engage with the Outing Club as much as I perhaps should have as a student, I've definitely put that "lifetime membership" to use."

FAVORITE SPOT ON CAMPUS:
"The Colonnade. Always magical for me. Especially when the morning mist enshrouds the Colonnade. And the majesty of the Colonnade on a clear, crisp, evening all lit up."
