

THE CAMPERDOWN ELM SOCIETY

ROOTED IN TRADITION. GROWING TOGETHER.

The Camperdown Society recognizes employees whose personal philanthropy strengthens University of Idaho and helps advance our shared mission. Employee giving demonstrates a commitment to the success of our students and reinforces the culture of pride and service that defines the Vandal community. Your support places you among colleagues who choose to invest in the programs, people and places that make U of I exceptional.

Thank you for your generosity and for giving back to the institution we all value so deeply. Your leadership through giving truly makes a difference for our university, our state and beyond.

Thank you!

First-time donors will receive the attached Camperdown Society certificate in recognition of their support. Returning employee donors will receive a year-specific sticker to acknowledge their continued commitment.

Members will also be invited to participate in optional virtual and in-person opportunities throughout the year, so please watch for additional communication.

If you have questions, contact Annual Giving at **foridaho@uidaho.edu**
